PROFESSIONAL SUMMARY

IT Administrator with hands-on experience supporting business IT operations, troubleshooting systems and software, and managing user support, email services, domains, hosting, and website-related operations. Experienced in coordinating with users, vendors, and technical teams to resolve issues and maintain reliable IT operations. Familiar with Windows and Linux environments, networking fundamentals, and web infrastructure, with practical exposure to AWS infrastructure and production troubleshooting. Strongly interested in developing a career in system administration, infrastructure, and cybersecurity, with a proactive approach to learning and problem-solving.

WORK EXPERIENCE

IT Administrator **June, 2025 – Present**

Empower Resources CO LLC **Pudukkottai**

- Manage day-to-day IT operations and provide technical support to employees, troubleshooting hardware, software, connectivity, email, and general system issues.
- Configure and troubleshoot business email services across desktop and mobile environments, including Outlook, IMAP, SMTP, and mail synchronization issues.
- Manage company websites, domains, hosting, DNS, SSL/TLS certificates, and related web infrastructure.
- Support business applications and WordPress-based websites, including deployment, maintenance, hosting configuration, and basic security.
- Troubleshoot production infrastructure involving AWS-hosted applications, Linux servers, Nginx, and SSL/TLS certificates, including resolving an HRMS availability issue caused by an expired certificate.
- Coordinate with external development teams, hosting providers, vendors, and internal stakeholders to investigate technical issues and maintain business continuity.

Procurement Engineer **March 2025 - June, 2025**

Empower Resources CO LLC **Pudukkottai**

- Coordinated procurement activities including supplier communication, quotation follow-ups, purchase requirements, and order coordination.
- Communicated with vendors and internal teams to track requirements, resolve issues, and support timely delivery of products and services.
- Maintained procurement documentation, quotations, order information, and supplier records while coordinating requirements across departments.

Assistant Instructor **January 2024 - Febraury 2025**

CST Computer Education **Pudukkottai**

- Delivered practical training in programming and web technologies, including C, C++, Java, and Python.
- Conducted practical sessions and supported students in developing programming and web-based projects, while troubleshooting coding errors and providing hands-on technical guidance.
- Developed strong communication, troubleshooting, and problem-solving skills through classroom instruction and individual technical support.

PROJECTS
